Consider a few things:

What function your event is serving – what do you want

others to gain from it, your goal?

Who's going attend?

How are you going target those people?

Social Media, An email blast, Flyers, Sending out

invites, local media outlets

Where and when should the event take place?

Printables and Resources

Share your personal story

Download RAN prints outs:

Word searches, Coloring pages, Trivia, Brochure, Fact sheets, NORD information sheet

Encourage attendees to join RAN and your state networks efforts

Create a trifold display of rare disease facts and figures with visuals/photos

Provide handouts on the disease or organization that supports that patient community

RAN Learning Center offers additional training in Public Speaking & Media Outreach

Offer additional information from reputable sources
