Hawaii requires all association health plans to comply with state insurance laws and regulations, regardless of the domicile of the association that has issued the policy.

**Reinsurance:** Hawaii has not yet sought a section 1332 waiver to establish a reinsurance program.

\*Although stated eligibility level for parents of dependent children would not warrant an "A," state has expanded Medicaid to enable individuals previously ineligible for Medicaid to become Medicaid eligible up to 138% eligibility FPL and, therefore, earns an "A."
