## Rare Disease Advisory Councils

Michigan has not enacted legislation to create a rare disease advisory council.

## Individual Insurance Market Protections

**Pre-existing conditions protections:** Michigan has a guaranteed issue law.

**Short-term, limited-duration and association health plans:** Michigan limits the initial contract duration of short-term, limited-duration health plans to 185 days and underwritten short-term, limited-duration coverage cannot exceed 180 days in a 365-day period. Michigan requires that an association form for a purpose other than offering insurance and be in existence for a minimum of two years before offering coverage.

**Reinsurance:** Michigan has not yet sought a section 1332 waiver to establish a reinsurance program.

\*Although stated eligibility level for parents of dependent children would not warrant an "A," state has expanded Medicaid to enable individuals previously ineligible for Medicaid to become Medicaid eligible up to 138% eligibility FPL and, therefore, earns an "A."
